

## Professional Portrait Photography

Personal and emotive photography is timeless and a privilege to be a part of. There is no greater satisfaction in the art world than to communicate a cherished moment in life and to capture a truly unique subject, you! Over the years we have developed a dynamic, but very natural style of photography. We create fresh and inspiring images tailored to your satisfaction.

Since 1995, we have taken pride in portraiture and the fine art of capturing the individual, at work, at rest or at play. So give us a call to discuss your photo shoot. Don't worry if it's your first time, we'll put you at ease through the whole shoot. You may impress even yourself!

### Pre shoot consultation

We plan the shoot according to your preference, vision and style. We can discuss locations and times and put you at ease in front of the camera so you don't have to worry about a thing during your photo shoot, freeing you to feel confident and relaxed.

### Your Images Online:

We can create a password protected website with your images making them available to family and friends all over the UK and the world.

### Reprints:

You choose the images you would like reprinted and choose from a variety of sizes  
All professionally printed on highest grade Fujifilm Paper

### Additional Services:

We can also produce a CD with high resolution files of your images, reprints, bespoke albums for relatives and friends, canvas wraps or finished framed photographs.

E-mail		

Full amount (*due 7 days before the shoot*)

**When you have completed the above, please read the Terms of Business below and sign in the space provided**

Client's signature
Date

### **Terms of Business**

The full amount is due 7 days before the shoot. The photographer will reserve the shoot date and time upon receipt of a completed booking form.

There is no charge for travel up to 25 miles from the centre of Birmingham. Beyond this we may add an extra travelling fee upon agreement.

Re-order print prices are those ruling at the time of placing the order.

Payment for re-orders is required at the time of placing the order.

Sizes quoted are approximate. We will provide a pleasing colour balance but cannot guarantee exact colour matching. Owing to anomalous reflectance caused by a combination of certain dyes and materials, especially man made fibres, it is sometimes impossible to record on film/ digital media the exact colour of materials as seen by the human eye.

During a shoot your photographer will automatically re-take any photograph where they have seen that someone has blinked, but it is impossible to guarantee to see them all. The more people in the photograph the more difficult it is to see everyone.

Negative/ digital files are retained for a minimum of 5 years. After this time they may be made available for purchase. Once a set of high resolution digital files have been bought, either before or after the 5 year period, the responsibility to preserve the images passes to the purchaser, and the decision whether to keep a copy in our files or not will be entirely at our discretion.

The responsibility of myself, my agents or servants (including photographers, processing laboratories and postal and delivery agents) to compensate the customer in the case of any negligence or breach of contract is limited to the cost to the customer of the booked service at the time of booking.
